TEMPERATURES DIVE OVERNIGHT

Temperatures nose-dived here overnight after setting a new high mark for 1951 Thursday afternoon at 91 degrees. This morning's low was 52 degrees. High winds brought the sudden cooler weather Thursday night after two days of 90-degree Cessna, alumni secretary, also spoke. heat here.

Flood waters, fed by rampaging rivers and creeks, threatened a 30block section of Kansas' largest city and harassed new areas in Oklahoma and Texas today, the Associated Press reported.

The high waters have caused at least four deaths, isolated many rural homes, and cut transportation and communications.

At Wichita, Kas., a city of 200,000, national guardsmen and hundreds of volunteers sought to control the Little Arkansas river. The slowly rising waters threatened to flood a 30-block area of the city.

A flood warning was issued last night, indicating a full scale overflow was expected today. Those in danger of being surrounded by water were advised to take what they could and get to higher ground.

Despite continuous sandbagging, some dikes were crumbling.

Firemen Continue Annual Collection

Gettysburg firemen will solicit Menges, chairman, said today:

Lincoln Square, Baltimore street, Steinwehr avenue, Hillcrest place, Highland avenue, South street, Breckenridge street and East and West High streets. County solicitations are also under way.

"Response to the canvass thus far has been gratifying," Menges said, "but more members of the solicitations committees are needed for full coverage." He urged other members to turn out and assist in the cam-

formation letter No. 5, covering details of the first cover spray, scab is the couple. and in orchards where the delayed dormant spray was omitted. Very little scab is present where all sprays were thoroughly and timely applied, he said. Most of the scab spores have been shot from the old leaves. Reinfection can now come from infections on new leaves.

Growers are told in the spray letter to begin the new spray seven to ten days since the last application was started. Two types are recommended, ferbam, wettable sulfur and lead arsenate, or fresh spray lime, and lead arsenate. The ferbam-sulfur is recommended where rusts are a problem.

West Broadway, today. Mrs. A. J. Plan Deanery Youth

A Conewago Deanery Youth party will be held Sunday, sponsored by chose as her going away outfit a Union Veterans' auxiliary, will make St. Francis Xavier, Gettysburg: St. Quality shop. and St. Andrew's, Waynesboro.

The day will begin with field mass Philip Ridinger, New York city, celebrated on the grounds of St. mother, Mrs. Howard Ridinger, and a.m., with the Rev. 11 GHS Lettermen; Singley Captain

William Singley, a senior, has been named as honorary captain of the Gettysburg high school baseball team for the season which was just concluded. Singley, a shortstop, played three years and this year led the team in hitting with a lofty 466 average in 10 games, six of which the Warriors won.

In addition to Singley, the following have been named as letter winners by Coach Howard Shoemaker: Kenneth Bupp, Charles Ford, Richard Miller, and Manager George Kennell, all seniors; William Heyser, John Little and Robert Signor, juniors; Marlin Fiscel, sophomore; George Penn and Robert Rohrbaugh, freshmen.

The letters will be awarded during the assembly period next Wednesday morning.

Miles Standish was the captain of the Mayflower.

TRIBE FAILS TO SNAP YANK HOME STREAK

(Associated Press Sports Writer) Attention radio quiz show fans. Here's the jackpot question. When lid the New York Yankees last lose ball game at Yankee stadium? No coaching, please. No peeking in the old Sporting News.

The answer is September 26, 1950. A world series and 10 straight 1951 victories have passed and the end is not in sight. Talk about Boston's friendly Fenway. The Yanks' home in the Bronx has that stopped six

Just look at the record:

		At Home		
	GR		W.	L

Joe DiMaggio applied the clincher with an innocent first-inning single scoring Dr. Bobby Brown. Wynn gave up only three hits in his seveninning stay, one a triple by Gerry Coleman in the eighth. Coleman was erased when a squeeze play back-

Blew Big Chance

All day the Indians labored, combing Allie Reynolds for nine hits. But it did no good. They blew their big chance in the eighth when Hank Bauer's slingshot peg from left nipped Sam Chapman, trying to score from third on a fly ball.

Big Gus Zernial continued his home run streak with his seventh in four consecutive days for the Philadelphia A's. Gus tied an American league record, set by Tony Lazzeri in 1936. But he fell one short of Ralph Kiner's major league high, hung up in 1947.

The A's crept out of the cellar on a 7-6 victory over St. Louis. Eddie

LOOKING BACK

In one of the letters (the one to Mrs. Bowers) that the heroic Capt. Robert F. Scott left behind him in the frozen wastes after his tragic South Pole expedition, he spoke of the nobility of his companions, especially referring to the son of spoke of those whom he loved, Scott remarked that "perhaps it is well to

look back on nothing but happiness.' How much happier we all would be if we only looked back upon nothing but happiness, leaving all the unpleasant and unfortunate experiences to be smothered by what time they are recalled should be an experience to warm the spirit of us What a noble resolve to look back upon nothing but happiness!

Norman Douglas once wrote two Back." It is an amusing work, for the author made up these two volumes from what he remembered him over the years, as evidenced by the calling cards they had left. One monies. by one, selected at random, he wrote about each person whose card he drew from an antique urn.

When we meet a person whom we knew long ago, and have not seen for years, we like to talk about the pleasant things that occurred in the long ago. And isn't it strange it is the happy things that come first to

Potter, presided at the business session, which opened with the group singing "America, the Beautiful," followed by the pledge of allegiance to the flag and the club collect. Reports were presented by the secretary, Mrs. Edward H. Leister, and the treasurer, Mrs. Richard A. Little. Guests at the meeting were Mrs. John C. Forry and Mrs. Mollie

Band Fund Now \$1,068.37

Mrs. Roy Renner presented the report of the cheer committee in the The president announced that the Charles W. Weikert, in charge, reand welfare work of the club. Mrs. Potter expressed her appreciation to

from the Alpha Fire company aux-Post No. 231, American Legion, aux-Tomorrow Mr. Adams will talk on iliary, toward the Littlestown high school band uniform fund as a result of projects which they sponsored. The total amount in the fund is now \$1,068.37. It was also announced that dues of the members must be paid by the June meeting or the names will be dropped from

The annual bus trip this year will be to the summer music festival at municipal stadium in Philadelphia on Friday, June 15. The bus will leave from Redeemer's Evangelical and Reformed church, East King street, at 1:30 o'clock on that date. In case of rain the trip will be made the following day. The deadline for reservations is Friday, June 1, and those wishing to go should contact a member of the Civic Service committee. The committee is composed of Mrs. Walter F. Crouse, chairman. Mrs. John H. Riley, Mrs. George I. Bemiller, Mrs. Edwin F. Stavely. Mrs. Ralph Staley, Mrs. Gilbert Royston, Mrs. Charles Benner and Mrs. Dewey Strevig. Tickets for the transportation and the festival will be \$5.50

Give To Home Fund

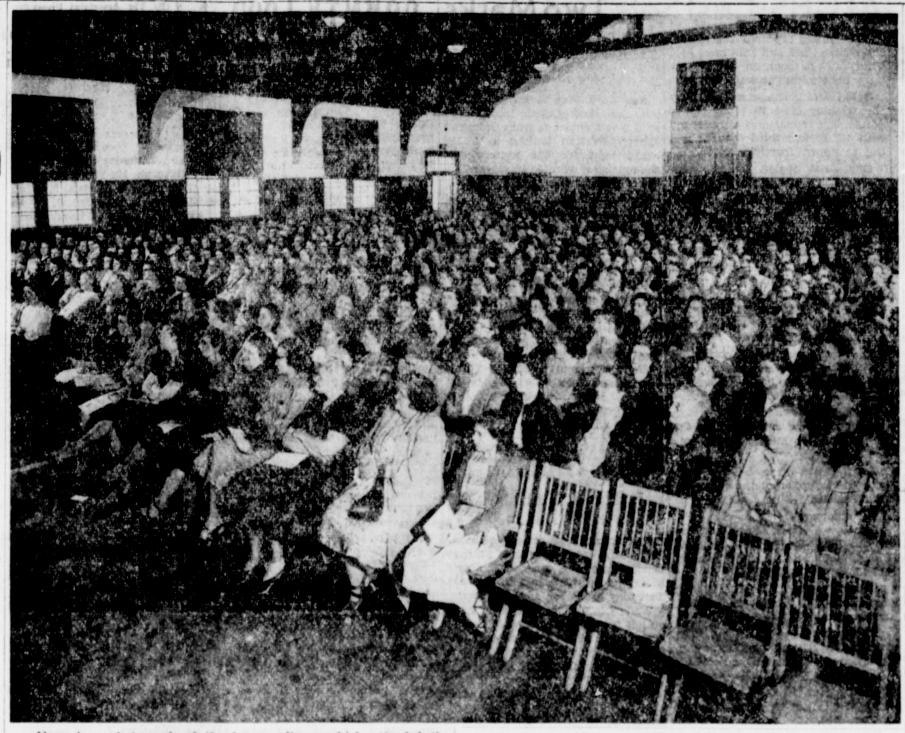

It was decided not to consider membership in the Pennsylvania Citizens association for Health and Welfare, an appeal for which had been tabled from the last club meeting for further investigation. The club decided to send an inexpensive gift for the parcel post party for the June fete of the Woman's club of South Hampton, following their request. The following were appointed as a committee to select the gift: Mrs. Charles E. Rabenstine, Mrs. Stanley Horner and Mrs. Wilceremony was performed by the ville school board Thursday eve- liam H. Marshman. The club also a member of the senior class of movie projector for the Adams

> A "thank you" note was read the club had contributed toward the Girl Scout organization, which will Home Grown Strawberries Make be used to help with the expense

Following the business meeting a program was held, the theme of Mrs. Maurice Rider, co-chairman of Mrs. M. K. Eckert announced that the evening's committee, as song

Greater advantages for you in these great truck features

Power-wise, stamina-wise, economy-and-handlingwise, you get every advantage when you have a Chevrolet Advance-Design truck on the job. That's a fact because the Chevrolet truck you choose-whether it's for light, medium or heavy duty-is engineered for the job. It's built to do your job, do it right, and keep on doing it, through the roughest, toughest kind of service. Just check the features you get when you choose Chevrolet—see for yourself what they do for you—and you'll know that this is the truck for you. Then come in and look over these new 1951 Chevrolet trucks.

First in demand First in value First in sales

Baltimore Fruit-Poultry APPLES—Dull, Demand light, Bushelbaskets and bushel boxes, U. S. 1s (unless otherwise stated), New Jersey, Romes, 2½-in, up, \$1.40-1.75; Winesaps, 2½-in, up, fair condition, 75c. \$1; boxes,

Baltimore Livestock LIVE POULTRY-Market slightly weaknoderate, some fryers carried. Trading ight, Wholesale selling prices per pound FRYERS-34 pounds and up, 32-34c.

w best 35c.; poor quality, 30c. HENS—Heavy type, 40—43c., mostly DUCKS-Pekins, 35c. CATTLE-Fresh receipts were estimated at 500 head which was in addition 100 held from earier in the week. Th oveck to date count of L400 was slightly larger than the number offered the
same period last week but it formed
little more than half the number or
sale the same week last year. Steen
formed tulk of supply with the equiv
alent of seven loads of slaughter steen
and five loads of stock cattle includshe salable receipts. Quality was sion. Saughter steers generally unevenly steady to 50c, lower but some sales of utility and contacrcial grades were around \$1.50 or more lower than last Thursday. A few small lots of choice and prime slaughter steer yearlings, \$37,37.50, top \$37.50, bulk of grade steel.

and prime slaughter steer yearlings, \$37-350, top \$37.50. Bulk of good and choice, \$34-35.65; scattered lots of utility and commercial steers, \$30-33.50 including some lots \$30 and \$30.25 that were feed lot mates of steers that sold last Thursday at \$33.

Supply of heifers consisted mainly of odd lots and single head shipments and showed loss net price change than other classes. Odd head good and lots to believe

classes. Odd head good and low-choice \$30-34; utility and commercial, \$2: -29. A load of mixed cows and heif Trading in cow department fairly active but was slower late than early Sales generally fully stead with Wednes-day or around \$1 higher than Monday or around \$1 higher than Monday in meny cases. Commercial grade cows, \$27-29; utility, \$26-27.50; canners and cutters, \$20-26. Odd head shelly canners to \$18 or below.

Bulls also met a fairly broad outlet and followed the trend exhibited on cows. Sales were fully steady to strong compared with Wednesday in most cases although the top was 50c higher and although the top was 50c, higher and most sales were around \$1, spots more higher than Monday. Commercial grade \$33; a few utility, \$26-28; odd cutter grade lightweight dairybred, Inquiry was very narrow in opening counds in the stock cattle department out it improved later and sales were made on a mostly steady basis. A small lot of mostly choice stock calves topped at \$38; most medium and good, \$34-36; common and medium

VOTE WITH MAJORITY

Washington, May 18 (AP)-Pennsylvania's U. S. Senators Edward Martin and James H. Duff were with the majority yesterday as the Senate voted to put proposed shipments to India on a straight loan basis. The proposal carried 43 to 32 with 15 Democrats and 37 Republicans supporting the measure. Thirty Democrats and two Republicans opposed it.

He added: "It is difficult to reconcile this with my appointment by him as commanderin-chief of the United Nations command" in Korea. That was last June. Brewster's Retort

Mr. Truman also told his news conference yesterday the Republicans are trying to overthrow the foreign policy of the United States.

This brought a retort from Senator Brewster (R.-Me.), a Foreign Relations committee member. He told a reporter, "We can't overthrow it when we don't know what it is."

The President said he decided he needed a new general in the Far East when MacArthur called on the Chinese Communists in Korea on March 24 to negotiate a truce, in advance of a proposed Presidential peace proposal

MacArthur replied to this, too. In powerfully moving United States prices. the statement issued by his chief Army recruiting poster displayed aide, Maj. Gen. the Kingdom, The common man once more had restored rights and the preaching of the prophets had its effect. But perhaps the most notable outcome of Hezekiah's administration was in its foreign relations. He inherited a Kingdom which paid heavy taxes to Assyria but eventually Hezekiah defied the king of that country and threw off the burden imposed. The final test came when the Assyrian army of great strength was before Jerusalem. Thorough preparations for defense had been made, but a strange pestilence fell upon the foe and as the poet Byron says, "And the might of the Gentile. unsmote by the sword, hath melted like snow in the glance of the Lord." Here's Where the Pounds Pay Off

First thing that people notice when they take over a Buick is the surefooted stance this fine automobile has on the road.

You head into a curve and hold firm and true. You travel a turnpike without sway or wander.

While your wheels may dance when you hit a stretch of washboard gravel-your car holds its level course.

A lot of things account for this beautifully poised performance, but it starts with stalwart structure and ample weight-plenty of pounds where pounds are needed.

Please don't get us wrong. This isn't "deadweight." Though a Buick like the one pictured here tips the scales at more

tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

than two tons, it's as nimble as an antelope at play.

It has a generous hoodful of valve-inhead Fireball power-packing a powerful punch of velvet velocity.

It comes with the smooth magic of Dynaflow Drive*-a lightness of steering that's gently responsive to a lady's hand -a front-end geometry that's pure genius -the finest brakes ever put on a Buick.

And every wheel rides on shock-eating coil springs that are carefree and trouble-free for the life of your car.

You'll also find-by a few moments of simple arithmetic - that the pounds in this bounteous beauty pay off in another way. On a cents-per-pound basis, it will cost less to buy than anything else near its weight and power and size.

Why not visit us real soon-like the first thing tomorrow - and let us show you why you and your budget will both be happy with this Buick? Equipment, accessories, trim and models are subject to change without notice

No other car provides all this:

DYNAFLOW DRIVE* . FIREBALL POWER 4-WHEEL COIL SPRINGING . DUAL VENTILATION PUSH-BAR FOREFRONT . TORQUE-TUBE DRIVE WHITE-GLOW INSTRUMENTS . DREAMLINE STYLING BODY BY FISHER

LINCOLNWAY EAST

Dr. Roy W. Gifford, Surgeon Philip Oyler First Birth At Hospital At Hospital, Explains Duties, Responsibilities Of Staffs hospital, was born on April 3, 1921, a grand total of 7,208 births has

quests and comments by patients of the staff of the Annie M. Warner that knowledge of the scope, place hospital, are justly proud of our and duties of the medical staff are not clearly understood by the public," said Dr. Roy W. Gifford, surgeon at the Warner hospital.

"May I point out that properly run general hospitals have three organized staffs? First, the hospital administratīve staff, whose duties are the running of the office, including admittance of patients, keeping of the records, the bookkeeping, housekeeping duties, purchasing of supplies, food preparation and serving, upkeep of the physical plant and grounds, operation of the ambulance service and many other duties necessary to the housing, comfort and welfare of the patients.

Nursing Staff

"Second, the nursing staff. This department is responsible for the nursing care of the patients, both as to carrying out the attending physician's orders and also general hospital regulations such as visiting, care of the hospital equipment and supplies, serving of diets, etc. They, therefore, have responsibility to both two staffs of service, as can be easily seen, are separate and distinct from the Medical Staff, yet all three work together for the general welfare, and the results of their efforts are comfort and betterment of the pa-

"Medical Staff organization in the general hospitals of this country is the result of years of experience and Hospital Provides is today fairly well standardized. The greater part of this program has been, since 1917, a large part of Surgeons, which organization real- atrics services and treatments. ized the necessity for such standour American hospitals. For the past shown on hospital records as fol-33 years, therefore, this work has lows; been vigorously pursued and has played the major role in bringing the American hospitals to their present high standards-the best in the world. As an integral part of this program have been recommendations for organization of the Medical Staff, which recommendations form the basis of our staff organization at the Annie M. Warner hospital.

Staff Membership "Staff membership is by election to any duly accredited physician licensed in Pennsylvania or Maryland, who is a member in good standing in his local county medical society, and his election must be approved by the Board of Trustees. The staff is divided into Hon- Dr. Roos Head Of orary, Active, Courtesy and Consulting staff.

"1. The Honorary Staff consists of those staff members who have re- president of the Adams county Medtired and are no longer active in ical Society, one of the oldest medthe hospital and are honored by ical organizations in the state. emeritus positions.

members only may vote.

members who only care to serve education for its members. their own patients and do not wish for such appointments.

Certified Specialists

staff when such service is in the in- S. Mountain, L. L. Potter, Raymond Stewart and Albert Woomer. terest of the patient. They are subject to call any time just as is the active staff.

Staff Departments

"The staff is departmentalized into the following departments: General Medicine, Pediatrics, Obstetrics, General Surgery, Radiology, Pathology, Eye, Earl, Nose and Throat and Anaesthesia.

"As directing head of the staff is the President or Chief of Staff, elected by the staff as a whole. The only other elective staff officers are the Vice President and Secretary. Each department is under the direction of the Chief or directing head, and department members are subject to his rules and supervision.

Monthly Staff Meetings "Staff meetings are held regularly once each month, at which time the cases from the past month are reviewed, all deaths discussed and requests and recommendations for betterment of the service are received and discussed. The liaison committee between the staff and hospital administration, the Nursing Staff and the Board of Trustees is the Executive Committee which consists of the Chief of Staff, the Secretary and three annually elected members of the active staff.

"The Staff Committees are: 1. The Executive Committee. 2. The Creientials Committee. 3. Recommeniations Committee; and an approved set of bylaws govern all the activities of the staff.

Duties Well Outlined

"It is therefore apparent that the esponsibilities and scope of the staff ire well outlined and prescribed. We are proud to be able to say hat since 1927 or 1928, the exact rear is not certain, the American college of Surgeons has, without ail, given its approval to the Annie M. Warner hospital. It is also aphe three necessary organizations iecessary in the competent operaion of any general hospital and that hey must be well coordinated if he patient is to receive the max-

"It is frequently evident from re- imum in service and comfort. We, Board of Directors, the Administrative Staff and the Nursing Staff. Without their full support and coop-

eration, proper care of the patients

would be impossible.

"The work of the Board of Trustees is not fully appreciated by the general public and I would like to point out that these are busy men of professional and business positions in our community who unselfishly devote their time and efforts to the management of our local hospital as will be pointed out, no doubt, by other speakers or in the press. The Annie M. Warner hospital has grown from a rather small institution into rather a large undertaking, requiring at this time more organization with improved or up to date business methods and procedures consistent with its present size. It should not be concluded that the present board, administration or staff has forgotten the yeoman's service rendered by those physicians, administrators and directors of the early days who were responsible for laying the other two departments. These the ground work upon which the present institution has evolved. Rather it is with sincere gratitude that we think of these many people

1. What does Hezekiah mean?

Answers 1. "God strengthens."

2. One of the very best. 3. In personal righteousness. 4. Restoring worship of God. 5. That whose God is the Lord

Here's Where the Pounds Pay Off

FIRST thing that people notice when they take over a Buick is the surefooted stance this fine automobile has on

You head into a curve and hold firm and true. You travel a turnpike without sway or wander.

While your wheels may dance when you hit a stretch of washboard gravel-your car holds its level course. A lot of things account for this beauti-

fully poised performance, but it starts with stalwart structure and ample weight-plenty of pounds where pounds are needed.

Please don't get us wrong. This isn't "deadweight." Though a Buick like the one pictured here tips the scales at more

Tune In HENRY J. TAYLOR, ABC Network, every Monday evening.

than two tons, it's as nimble as an antelope at play.

It has a generous hoodful of valve-inhead Fireball power-packing a powerful punch of velvet velocity.

It comes with the smooth magic of Dynaflow Drive*-a lightness of steering that's gently responsive to a lady's hand -a front-end geometry that's pure genius -the finest brakes ever put on a Buick.

And every wheel rides on shock-eating coil springs that are carefree and trouble-free for the life of your car.

You'll also find-by a few moments of simple arithmetic - that the pounds in this bounteous beauty pay off in another way. On a cents-per-pound basis, it will cost less to buy than anything else near its weight and power and size.

Why not visit us real soon-like the first thing tomorrow - and let us show you why you and your budget will both be happy with this Buick? Equipment, accessories, trim and models are subject to change without notice.

No other can provides all this:

DYNAFLOW DRIVE* . FIREBALL POWER 4-WHEEL COIL SPRINGING . DUAL VENTILATION PUSH-BAR FOREFRONT . TORQUE-TUBE DRIVE WHITE-GLOW INSTRUMENTS . DREAMLINE STYLING BODY BY FISHER

*Standard on ROADMASTER, optional at extra cost on other Series. When better automobiles are built BUICK will build them

GETTYSBURG, PA.

Dr. Roy W. Gifford, Surgeon Philip Oyler First At Hospital, Explains Duties, Responsibilities Of Staffs

"It is frequently evident from re- imum in service and comfort. We, quests and comments by patients of the staff of the Annie M. Warner that knowledge of the scope, place hospital, are justly proud of our and duties of the medical staff are not clearly understood by the public," said Dr. Roy W. Gifford, surgeon at the Warner hospital.

"May I point out that properly run general hospitals have three organized staffs? First, the hospital administratīve staff, whose duties are the running of the office, including admittance of patients, keeping of the records, the bookkeeping, housekeeping duties, purchasing of supplies, food preparation and serving, upkeep of the physical plant and grounds, operation of the ambulance service and many other duties necessary to the housing, comfort and welfare of the patients.

Nursing Staff

department is responsible for the nursing care of the patients, both as sistent with its present size. It should to carrying out the attending phy- not be concluded that the present sician's orders and also general hospital regulations such as visiting, care of the hospital equipment and supplies, serving of diets, etc. They, therefore, have responsibility to both two staffs of service, as can be easily seen, are separate and distinct from comfort and betterment of the pa-

"Medical Staff organization in the general hospitals of this country is the result of years of experience and is today fairly well standardized. The greater part of this program has been, since 1917, a large part of the hospital standardization program of the American College of Surgeons, which organization real- atrics services and treatments. ized the necessity for such standardization for the improvement of 33 years, therefore, this work has lows: been vigorously pursued and has played the major role in bringing the American hospitals to their present high standards—the best in the world. As an integral part of this program have been recommendations for organization of the Medical Staff, which recommendations form the basis of our staff organization at the Annie M. Warner hospital.

Staff Membership "Staff membership is by election to any duly accredited physician licensed in Pennsylvania or Maryland, who is a member in good standing in his local county medical society, and his election must be approved by the Board of Trustees. The staff is divided into Hon- Dr. Roos Head Of orary, Active, Courtesy and Con-

sulting staff. "1. The Honorary Staff consists of Dr. Leon Roos, East Berlin, is those staff members who have re- president of the Adams county Medtired and are no longer active in ical Society, one of the oldest medthe hospital and are honored by ical organizations in the state. emeritus positions.

members only may vote.

members who only care to serve education for its members. their own patients and do not wish to become members of the Active Raymond M. Hale, Jr. Active mem-Staff and of those members, who, by bers of the association are the ofreason of residence, are not eligible ficers and Drs. Joseph J. Baker, John for such appointments.

Certified Specialists

nucleus of certified specialists resid- Ira M. Henderson, C. Harold Johning in surrounding medical centers son, Byron C. Jones, John J. Knox, F. Sheely, David C. Stoner and such as Philadelphia and Baltimore, P. J. McGlynn, John C. Menges, E. Bruce N. Wolff. Associate members who serve when called upon by the A. Miller, Wilbur G. Miller, Walter include Drs. H. M. Hartman, Henry staff when such service is in the in- S. Mountain, L. L. Potter, Raymond Stewart and Albert Woomer terest of the patient. They are subject to call any time just as is the active staff.

Staff Departments

"The staff is departmentalized into the following departments: General Medicine, Pediatrics, Obstetrics, General Surgery, Radiology, Pathology, Eye, Earl, Nose and Throat and Anaesthesia.

"As directing head of the staff is the President or Chief of Staff, elected by the staff as a whole. The only other elective staff officers are the Vice President and Secretary. Each department is under the direction of the Chief or directing head, and department members are subject to

his rules and supervision. Monthly Staff Meetings

"Staff meetings are held regularly once each month, at which time the cases from the past month are reviewed, all deaths discussed and requests and recommendations for betterment of the service are received and discussed. The liaison committee between the staff and hospital administration, the Nursing Staff and the Board of Trustees is the Executive Committee which consists of the Chief of Staff, the Secretary and three annually elected members of the active staff.

"The Staff Committees are: 1. The Executive Committee. 2. The Credentials Committee. 3. Recommendations Committee; and an approved set of bylaws govern all the activities of the staff.

Duties Well Outlined

"It is therefore apparent that the responsibilities and scope of the staff are well outlined and prescribed. We are proud to be able to say that since 1927 or 1928, the exact year is not certain, the American College of Surgeons has, without fail, given its approval to the Annie M. Warner hospital. It is also apthe three necessary organizations necessary in the competent operation of any general hospital and that they must be well coordinated if the patient is to receive the max-

Board of Directors, the Administrative Staff and the Nursing Staff. Without their full support and cooperation, proper care of the patients would be impossible.

"The work of the Board of Trustees is not fully appreciated by the general public and I would like to point out that these are busy men of professional and business positions in our community who unselfishly devote their time and efforts to the management of our local hospital as will be pointed out, no doubt, by other speakers or in the press. The Annie M. Warner hospital has grown from a rather small institution into rather a large undertaking, requiring at this time more organization "Second, the nursing staff. This with improved or up to date business methods and procedures con-

board, administration or staff has forgotten the yeoman's service rendered by those physicians, administrators and directors of the early days who were responsible for laying the other two departments. These the ground work upon which the present institution has evolved. Rather it is with sincere gratitude the Medical Staff, yet all three work that we think of these many people together for the general welfare, and the results of their efforts are ever before us as we plan for the

The short pastorate of the Rev. Mr. Clemens was followed by another short pastorate, that of the Rev. Casper Scheel.

The Rev. John J. Ault was installed October 1, 1873. At this time the records show 29 communicant members and the church was thus progressing that by 1874 the building was too small and a 19-foot extension was added.

Formerly With Christ Church

Until 1880 the Littlestown congregation was a member of Christ separate the Rev. David N. Dittman was elected the first pastor. During his pastorate, which ended in 1891, the parsonage on East King street was erected. The succeeding pastorates were as follows; The Rev. George P. Stem, 1891-1897; the Rev. Fred C. Sietz, 1899-1901; the Rev. J. Hamilton Smith, 1902-1907; the Rev. George S. Butz, Ph.D., 1907-1915; the Rev. Milton Whitener, 1915-1921, and the Rev. Earl G. Kline, 1922-1926.

During the pastorate of the Rev. Mr. Kline a building fund was established for a new church and by the time of his resignation it had grown to \$9,000. The fund has increased to \$11,700 during the pastorate of the Rev. Albert M. Wright, 1927-1930. The Rev. Dr. Albert O. Bartholomew, succeeded the Rev. Mr. Wright as pastor in 1930. In 1933 a building committee was appointed and on January 25, 1937, the present school building was dedicated, free of debt. The church itself was begun late in the spring of 1937, and it was on July 4 of that year that the Rev. Dr. Bartholomew died.

The corner stone of the new church was laid on July 25, 1937, with the Rev. Dr. A. P. Frantz and the Rev. Earl G. Kline officiating. The Rev. Theodore J. Schneider was elected as pastor and installed on November 14, 1937. The first service was held in the new church on Pas-

ESHELMAN RED ROSE **GROWING MASH**

TO MAKE PROFITABLE LAYERS

RED ROSE GROWING MASH is formulated to fit the needs of growing birds in the important "Middle Months"-from the seventh week to maturity.

It builds strong constitutions, increases vigor and vitality, so necessary to withstand the strain of high egg production. We will be glad to discuss further details of the Red Rose sys-

tem with you. Why not call or visit us today?

Here's Where the Pounds Pay Off

FIRST thing that people notice when they take over a Buick is the sure-footed stance this fine automobile has on the road.

You head into a curve and hold firm and true. You travel a turnpike without sway or wander.

While your wheels may dance when you hit a stretch of washboard gravel -your car holds its level course.

A lot of things account for this beantifully poised performance, but it starts with stalwart structure and ample weight - plenty of pounds where pounds are needed.

Please don't get us wrong. This isn't "deadweight." Though a Buick like the one pictured here tips the scales at more than two tons, it's as nimble as an antelope at play.

It has a generous hoodful of valvein-head Fireball power-packing a powerful punch of velvet velocity.

It comes with the smooth magic of Dynaflow Drive*-a lightness of steering that's gently responsive to a lady's hand-a front-end geometry that's pure genius—the finest brakes ever put on a Buick.

And every wheel rides on shockeating coil springs that are carefree and trouble-free for the life of your

You'll also find-by a few moments of simple arithmetic-that the pounds in this bounteous beauty pay off in another way. On a cents-perpound basis, it will cost less to buy than anything else near its weight and power and size.

Why not visit us real soon-like the first thing tomorrow-and let us show you why you and your budget will both be happy with this Buick?

Equipment, accessories, trim and models are subject to change without notice.

No other car provides all this:

DYNAFLOW DRIVE* - saves strain on driver and car FIREBALL POWER-high-compression, valve-in-head engine gets more good from every drop of fuel PUSH-BAR FOREFRONT - combines smart style and

unsurpassed protection WHITE-GLOW INSTRUMENTS - provide greater clarity at night

TORQUE-TUBE DRIVE - steadies ride, improves driving control 4-WHEEL COIL SPRINGING - cushions ride, saves

DUAL VENTILATION - outside air fed separately to right or left of front compariment

SELF-ENERGIZING BRAKES - hydraulic - multiply pedal-pressure five times at brake drum-DREAMLINE STYLING - tapered, car-length fenders,

gleaming sweepspears on most models Plus: Self-locking luggage lid, StepOn parking brake, two-way ignition lock, Safety-Ride rims, Hi-Poised engine mounting, Body by Fisher

#Standard on ROADMASTER, optional at extra cost on other Series. When better automobiles are built BUICK will build them
